Experiences
Be the Change

**What do you need
to know to become
trauma informed?**

**Do you work in the
Community and
Voluntary Sector?**

The workshop will:

- a) Engage with the community & voluntary sector to help us to understand your current level of ACE awareness and relevant training needs to be more trauma sensitive in your work and practice
- b) Explore opportunities and challenges of embedding trauma informed practice in your service / team / organisation

The Safeguarding Board for Northern Ireland (SBNI) has been funded through the Early Intervention Transformation Programme (EITP) to deliver ACE Awareness and Trauma Informed Practice Training across health, social care, education, justice and the community/voluntary sector in Northern Ireland. As part of this roll out we will focus on system change to enable organisations to strategically become trauma informed.

NCB (National Children's Bureau) is supporting this work with the SBNI.
